

## Bird

*Would you rather be able to fly or swim without holding your breath? (ALLOW responses) Well, God may not have made you and me able to do either of those things, but God did make the birds flying in the air and all of the creatures swimming in the sea! The next time you see a bird soaring overhead, you can know that God is real!*

## Cloud

*What are some things that God has made that would be impossible for people to make? (Sun, clouds, moon, stars, mountains, etc.) Yes! God made everything we see, and there are so many things that no person could have made. This is how we can know that God is real!*

## Earth

*Today we're talking about how God is real. How can we know that God is real? (ALLOW responses) Yeah! We can look at all that God has made on the Earth and know that He is real!*

## Fish

*God made all the animals in the world. What is your favorite animal that God has made? (ALLOW responses) Thanks for sharing! The next time you see your favorite animal, you can know that God is real!*

## Flower

*Which of your five senses—taste, touch, smell, see, hear—could you not live without? (ALLOW responses) All five of our senses are so important. The next time we hear someone call our names or smell our favorite flower, we can know that God did that, and He is real!*

## Moon

*True or False: The moon has no light of its own. (ALLOW responses) It's true! The moon shines at night by reflecting sunlight. When you see the moon at night, you can remember that God created the sun and moon to work together to give us light on Earth. He's the only one who could do that, and He is real!*

## Mountains

*Would you rather visit the mountains or the beach? (ALLOW responses) From the tallest mountains to the deepest sea, God made everything in all of creation! The next time you go on vacation, make sure to tell God, "Thank you," for creating all the beautiful things you see!*

## Ocean

*True or False: 95 percent of the ocean has not yet been explored. (ALLOW responses) It's true! In fact, scientists believe that two-thirds of marine species are still unknown. God made many things that we can see, but there's much of His creation that we are still discovering today! The next time you see the ocean, you can know that God is the only one who is powerful enough to create something so awesome!*

## People

*Today we learned that God made us in His own image. What do you think it means that we're made in God's image? (ALLOW responses) We're all made in God's image, but none of us are exactly the same. If you look at your fingerprint, you can see that God is real, because He's the only one that could have made us each unique!*

## Stars

*How many stars are hanging in the night sky? (ALLOW responses) There are over 13 billion stars in the sky! God is real, and He created every single one of those stars. The Bible even tells us that God knows all 13 billion of them by name!*

## Sun

*True or false: The sun rises in the east and sets in the west. (ALLOW responses) The answer is: true! God put the sun in the sky and told it when to rise and when to set. The next time you feel the warm sun beaming down on you, you can know that God is real!*

## Tree

*Why do you think looking at the trees can prove God is real? (ALLOW responses) Those are all great thoughts! There are lots of reasons why trees can prove God is real. When you look at trees, you'll notice they're pointing up toward heaven. The next time you see a tree, you can remember that God made that and He is real!*
